

## GREETINGS

Loco Clinic Nakameguro opened in front of Nakameguro station on April 2nd 2018. Here, we will strive to attend to all of your medical needs with utmost care and sincerity. Our clinic will be available to respond to your call even after hours and during the weekends. We hope to learn and grow with our community, and would like to extend a warm hello and give our best regards to all.

**LOCO CLINIC**  
PRIMARY & URGENT CARE  
Nakameguro

We will strive to respond to  
your emergent medical needs  
as your primary care provider  
in Nakameguro

## Loco

We named our clinic 'Loco', which means "local, local community" in Hawaii. We aim to provide treatment by considering the needs of our patients first, by listening to them and empowering them through our medical care.

## Primary Care

We will strive to be your primary care physician by responding to your needs and treating all patients equally, regardless of age or gender. We also consider it our responsibility to improve the health of our community, and offer preventative as well as at-home healthcare at our clinic.

## Urgent Care

We have extensive experience in treating all types emergencies from working at ERs that treat patients 24 hours 365 days. We will respond to your "urgent care" needs even after hours and during the weekends, so please visit us if you are unsure of where to go, or need to treat sudden fevers, changes in physical conditions, injuries and burns.

### Characteristics of Loco Clinic Nakameguro

- ① 2 resident emergency physicians
- ② Open until 11pm on weekdays, and also during the weekend
- ③ Easy to consult about any concern
- ④ Staff who promote healthy living
- ⑤ Consideration towards improving community health
- ⑥ Many private consultation rooms available

We have private consultation and waiting rooms for those who have a bad cough, who wish to wait while resting, who wish to wait in quiet, or who have children that should be kept separate from other patients.

## Internal Medicine

Please feel free to share your worries on any of the following diseases or abnormalities you have been informed about during your health check-up: cold, diarrhea, vomiting, abdominal pain, lifestyle diseases (hypertension, diabetes, hyperlipidemia, gout etc.), diseases of the heart, bowels, kidney, liver, lung, and thyroid gland. We also provide consulting after regular office hours.

## Surgery

We offer treatment for injuries such as bruises, scratches, cuts, fractures, dislocations, burns, insect bites and joint pains. Although we offer follow-up treatment, we can also refer you to appropriate medical institutions if necessary.

## Pediatrics

We strive to understand the symptoms of children, who have difficulty expressing their pain, and provide concise yet simple explanations for them. We treat sudden fevers, cold related symptoms, diarrhea, vomiting, abdominal pain, skin related abnormalities, and also provide health checkups and vaccinations for infants.

## Psychosomatic Medicine

If you are feeling down, have intense worries, cannot sleep or enjoy anything, feel anxiety during specific moments, or forget things regularly, please feel free to consult us with your troubles. We also treat patients with mood disorders, anxiety disorders, ADHD or dementia. Please note that reservations are required for first-time consultations.

## Home Medical Care

If it is difficult for you to come to the clinic or you are spending your last days at home, we provide at-home medical care for elderly bedridden patients. We generally visit patients twice a month after we create a plan for your home medical care. We also provide emergency visits (24hrs/365days) to patients receiving home care.

## Health Examination

We offer a variety of health examinations, ranging from regular to legal medical checkups, and specific medical checkups offered by the local government. Please feel free to call and inquire about our examinations.

## Vaccination

We offer vaccinations for all ages including travel immunizations. Please feel free to inquire about prices and public financial assistance.
